

Universal Vinyl Curtains

maintaining the integrity of fresh

Prevent Cold Air Loss – Reduce Fuel and Energy Cost

Features:

- The Curtain Kit includes all parts needed.
- The curtains are center split with magnetic closure to provide easy access.
- The durable, waterproof 18 oz. blue vinyl material can help reduce fuel cost by preventing cold air loss when trailer doors are open.
- Clear windows in each curtain panel allow light into the vehicle, improving safety and visibility.
- The durable 40 oz. vinyl skirted bottom comes ready to trim to your trailer height.
- Roll-up, swing door and side door applications available.
