Duraflex

IDEAL FOR: Transporters needing economical, flexible, light-weight bulkheads.

Features:

- Vinyl laminated skin on 5mm corrugated plastic with a 2" open cell foam core

- Ability to bend and flex when hit

- 25% lighter than the standard 3" construction, making the Duraflex easier to maneuver throughout the trailer

- Entire exterior is easy to clean

- Heavy duty reinforced web handles

- 10 Year Warranty against delamination of the core

- 60 mil UHMW Scuff Plate protects bottom from non-skid floors with 5 Year Warranty against wear

maintaining the integrity of fresh

Maximize use of interior trailer space with our many configurations.

Available Options

Fan Kit

As an alternative to a rear evaporator, the Two-Temp Fan Kit allows temperature control in the second compartment. Specifications include: 10" diameter; 10 prong blade; 12 volt, 6000 hour brush life motor; displacement of 650 CFM; temperature range from -40˚F to +80˚F, and an On/Off switch

Vent Kit

10" Diameter Vent with Adjustable Velcro Flap provides controlled air flow to rear compartment or return air flow when installed with a Fan Kit

Two-Way Hinge

Webbing reinforced on top and bottom, the Two-Way Hinge allows entry from both compartments and prevents damage.

Tether Connect

Configure bulkhead(s) to be securely stored away in trailer by using part #TCA with roller tracks. Never lose a bulkhead again!

97-4505

Custom Labeling Up to 3" High

Identify your bulkhead with your company name and trailer number.

Cold Draw Ventilation System

As an alternative to a rear evaporator, the Cold Draw is mounted in the upper corner of the trailer. Air is drawn into the center of the compartment by a 12 volt motor and distributed across the ceiling to maintain a constant temperature.

Abrasion Plate

Available 2' and 4' high, 100 mil HDPE offers protection from forklift and pallet damage. Installed with flush mounted hardware.

E or F Straps

Installed with flush mounted hardware and comes with a UHMW abrasion guard to protect against premature wear from the track.
