

maintaining the integrity of **fresh**

UB1 Universal Bulkhead

Patent #7,249,921

IDEAL FOR: Transporters that have trailers with multiple heights and widths

- UB 1 Universal Bulkhead fits virtually every trailer dimension
- Able to move from trailer to trailer in fleet, not dedicated to a specific trailer

maintaining the integrity of fresh

The ONLY manufacturer of Flexible Hard Sided Bulkheads!

Patented Spring Top makes a tight seal to trailer's ceiling

FEATURES:

- Vinyl laminated skin on 5mm corrugated plastic with a 2" open cell foam core
- 2 Velcro straps provide a 10" adjustment in the width to a maximum of 99"
- Spring Top provides a 9" variance in height to a maximum of 106"
- Flush mounted hardware
- Seals in older, bowed trailers
- 2-Piece design allows replacement of one side if necessary, instead of entire bulkhead
- No new trailer tolerance concerns
- No trailer measurements needed when ordering

Core 2" Laminated 10 year warranty	Panel Dimensions 48" W x 108" H (Tall) 48" W x 100" H (Short)
Handles Webbed	Panel Weight 40 lbs
