

# SAFE-T-CLEAR CURTAIN

maintaining the integrity of fresh

- **Single-Sheeted low-temp, clear vinyl doors aid in maintaining a temperature controlled area as cargo is loaded and unloaded.**
- **Easy to install the low profile hardware that allows the vinyl doors to swing inward and outward with ease.**
- **The Auto-Close Hardware is designed so that user can change the tension as preferred with no tools required.**

- **Stainless steel hardware – will not rust.**
- **No strips to catch on product or to get in the way of the loader/unloader.**
- **Easy to replace and adds high visibility for safety.**
